

TIRED OF MIXING YOUR OWN STANDARDS?

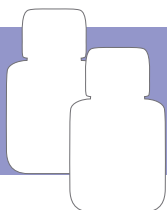

Learn more about SPEX CertiPrep Certified Reference Materials at spexcertiprep.com

INORGANIC CUSTOM CERTIFIED REFERENCE MATERIALS

SPEX CertiPrep is accredited by A2LA as complying with the requirements of ISO/IEC 17025 and ISO/IEC Guide 34. We offer custom Certified Reference Materials (CRMs) because we realize that no two laboratories face exactly the same samples, or have precisely the same requirements. Simply choose the Inorganic custom mix you need by filling out the online request form at www.spexcertiprep.com/spectroscopy
